What is fireClass?

fireClass is like a regular classroom, but much more interesting! 🚀

What You Can Do:

- 🌐 **Explore Cool Content** - games, simulations, experiments
- 💬 **Chat with the Teacher** - ask questions privately
- 📁 **Participate in Surveys** - share your opinions
- 🤖 **Get Help from AI** - a smart assistant that's always here
- 📱 **Work from Any Device** - computer, tablet, or phone

How It Works:

The teacher creates a digital classroom and gives you an access code. You enter with the code and your name - that's it! 🎉

How to Join a Class

Method 1: QR Code (Fastest! 📱)

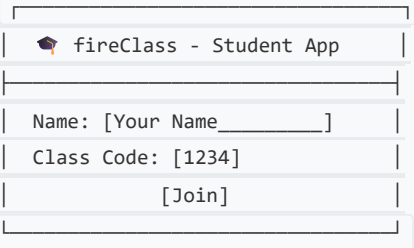

1. **Open the camera** on your phone
2. **Scan the QR Code** the teacher displays
3. **Enter your name**
4. **Click "Join"** - that's it!

Method 2: Type the Code

1. **Go to the link:** [fireClass Student App](#)
2. **Enter the class code** (4 digits the teacher gave you)
3. **Write your name**
4. **Click "Join Lesson"**

What If It Doesn't Work?

- ☒ Check that the code is correct (4 digits)
- ☒ Make sure you have internet
- ☒ Try refreshing the page
- ☒ Ask the teacher for help

The screenshot shows the fireClass Student App interface. It features a header with the app's name and a graduation cap icon. Below the header, there are three input fields: one for the user's name, one for the class code (pre-filled with '1234'), and a button labeled '[Join]'.

Your Tools in Class

After joining, you'll see **three floating buttons** that are always there:

💬 Chat Button

- **Chat with the teacher** and the class

- **Ask questions** during the lesson
- **Receive messages** from the teacher

AI Button

- **Get help** from the smart assistant
- **Ask questions** about the material
- **Understand complex things**

Survey Button

- **Participate in votes**
- **Answer questions**
- **Share your opinions**

```

Smart Features:

- **Movable buttons** - you can drag them to a comfortable place
- **Automatic opening** - windows open when there's something new
- **Always available** - buttons never disappear

How to Use Chat

Opening Chat

Click on  and a beautiful chat window will open:

Class Chat

Teacher: Let's begin!

Danny: I have a question

Teacher: Of course, ask

Types of Messages:

- **General messages** - everyone sees
- **Private messages** - only you and the teacher

How to Write a Good Message:

- ✓ **Write clearly** - "I didn't understand step two"
- ✓ **Be polite** - "Thank you for the explanation"
- ✓ **Ask specific questions** - "How do you solve the equation?"
- ✗ **Don't write** - "What???" or "I don't understand anything"

Smart Features:

- **Automatic opening** - when the teacher sends a message
- **New message indicator** - you'll see what you haven't read
- **Automatic scrolling** - to the bottom of the conversation

Working with Surveys

When Does a Survey Appear?

When the teacher creates a survey, the window **opens automatically** for you:

Class Survey

What do you think about the
experiment we did?

☐ Very interesting

☐ Okay

☐ Boring

[Send Answer]
Answered: 15/28 students

Three Types of Surveys:

1. Yes/No - Quick and Simple

Did you understand the explanation?
<input type="radio"/> Yes <input type="radio"/> No

2. Multiple Choice - Up to 4 Options

What color do you like most?
<input type="radio"/> Blue <input type="radio"/> Red <input type="radio"/> Green <input type="radio"/> Yellow

3. Open Question - Write what you think

What new thing did you learn today?
[_____]

Survey Tips:

-  **Answer quickly** - the survey doesn't stay open forever
-  **Think before answering** - for open questions
-  **You can change your answer** - for open questions
-  **Don't peek at friends** - this isn't a test, it's for learning!

Using AI

What is the AI Assistant?

It's like a smart teaching assistant that's always available to help! 

How It Works:

1. Click on 

2. Write your question

3. Get a tailored answer for the lesson

Lesson Assistant

You: Why does water boil?

Assistant: Great question!

When you heat water, the

molecules move faster and

faster until they turn to

steam. This happens at 100°C.

Want me to explain more about

molecules?

[Write another question...] [🗨️]

How to Ask Good Questions:

- ✓ **Be specific:** "How do you solve exercise three?"
- ✓ **Give context:** "In the chemistry experiment, what happened when we added vinegar?"
- ✓ **Ask for explanations:** "Can you explain why this happens?"
- ✗ **Don't ask:** "Give me test answers" or "Do my homework for me"

When is AI Available?

- ✓ **When the teacher activates** the system
- ✓ **During the lesson** - always
- ✗ **When the teacher turns it off** - you'll get "AI not available" message

Special Features:

- **Lesson-adapted** - knows what you're learning about
 - **Real-life examples** - explains with things you know
 - **Patient** - you can ask several questions
 - **In Hebrew** - understands and answers in Hebrew
-

Troubleshooting

Common Problems and Solutions:

Can't Join the Class

Symptoms: "Room not found" or page doesn't load

Solutions:

1.  Check the class code (exactly 4 digits)
2.  Make sure you're at the right link
3.  Refresh the page (F5)
4.  Try a different browser
5.  Ask the teacher to check that the class is open

Can't See Content Sent by Teacher

Symptoms: Blank screen or "Loading..."

Solutions:

1.  Wait 10 seconds - it takes time
2.  Refresh the page
3.  Check internet connection
4.  Close other applications
5.  Tell the teacher there's a problem

Chat Doesn't Work

Symptoms: Messages don't send or don't arrive

Solutions:

1. ☒ Check you're connected (student list)
2. ☒ Try writing a shorter message
3. ☒ Wait and try again
4. ☒ Refresh the page

AI Doesn't Answer

Symptoms: "AI not available" or no response

Solutions:

1. ☒ Check that the teacher activated AI
2. ☒ Try a different question
3. ☒ Wait a minute and try again
4. ☒ Check internet connection

Survey Doesn't Open

Symptoms: Can't see the survey the teacher created

Solutions:

1. ☒ Check if there's a hidden survey window
2. ☒ Refresh the page
3. ☒ Click on the surveys button 
4. ☒ Tell the teacher you can't see it

When to Ask for Help:

Contact the teacher when:

- The problem lasts more than 2 minutes
- You see strange error messages
- Something doesn't work for you but works for friends
- You're not sure what to do

How to Ask for Help Smartly:

- ☒ "It doesn't work!"
- ☒ "I can't see the simulation, what should I do?"
- ☒ "There's a problem"

✅ "I wrote in chat but the message didn't send"

❌ "Help!!!"

✅ "I answered the survey but don't see that the answer was sent"
